

Platform Evangelism

An **evangelistic platform** is any public, social, or relational context that you have the right to be in and the ability to have some level of influence. The most common and effective platforms are found where you live, work, play, and do business.

Using the **Concentric Circles of Concern**, list all the platforms you are currently involved in:

Narrow all your platforms down to the top three:

Narrow your top three down to the one platform where you have the most potential for spiritual influence and impact.

My Primary Platform is:

Clarify Your Primary Goal

1. With your #1 platform in mind, write down what your primary goal is within that platform:
 - a. Is it to share the gospel?
 - b. Is it to invite someone to an event, class, small group, church, etc.?
 - c. Is it to have a spiritual conversation?
2. Write down 2-4 milestones, baby steps, that will help you get from where you are today towards your primary goal in the future.
 - a. Milestones are primarily about cultivating the relationship
 - b. This is a prayerful, Spirit-led process. Don't let it become rigid or rushed. Milestones are simply a guide to help you be more intentional. Act as the Holy Spirit prompts you.
